ANNOUNCEMENTS

FOR CONGRESS.
We are authorized to announce HON. G. O. GILBERT as a candidate for re-election to Congress from this the Fourth Congressional District, subject to the action of the Democratic party.

We are requested to announce ROY C. WILHELM as a candidate for re-election to Congress from this the Fourth Congressional District, subject to the action of the Democratic party.

We are authorized to announce DAN H. RECK as a candidate for the Madison County Circuit Court, subject to the action of the Democratic party.

I hereby announce myself as a candidate for a nomination for Clerk of the Madison County Circuit Court, subject to the action of the Democratic party. Hoping that my many friends in the past will favorably consider my claims that I may have to the nomination and if nominated I promise to use all honorable means to secure my election and to endeavor to discharge my duties as Clerk. Thanking the party for past and future favors.

Respectfully,
S. H. THORPE.

We are authorized to announce GEORGE D. HITE as a candidate for the Madison County Circuit Court, subject to the action of the Democratic party.

THE question which is being discussed now, more probably, than any other, is whether we will have a primary next year in place of a convention, to nominate the Democratic candidates for State offices. There is a great difference of opinion on the subject. Below we give the comments of several leaders of both sides:

Cadiz Record: It is high time that the boys in the trenches, the men who plow the corn and hoe the tobacco, be given a say as to their ticket for State as well as their county officers, and for at least once we are willing that the proposition be given a trial.

Eminence Constitutional: We repeat now what we said in our former article, that the scheme for a State primary is for the benefit of the rich and in opposition to the interests and ambitions of the poor. In a Democracy all should stand upon the same footing. We believe further that a State primary election would tend to disrupt the Democratic party, and as the interests of the party are the interests of the people, we should and will avoid it.

Louisville Post: These efforts to forestall public opinion come as a rule from ambitious politicians, who believe that they know better than the people how the people should be governed, and they are ready and anxious to

undertake the task.

Somerset Journal: The mountain Democrats are heartily in favor of a State-Democratic primary election. They see in this an opportunity never before enjoyed of recruiting their numbers from many sources. For many years past the Republicans have had a big advantage of the Democrats by reason of their primaries affording their opponents two occasions of whooping things up to our ears.

A primary election is a great rallying season which the young voters delight in, and the "first vote" of nearly all young men is caught in a primary. We will demonstrate our earnestness in favor of a State primary by a liberal contribution of service and expense money both. A State Democratic primary election will add many thousands to the Democratic strength of the mountain counties.

—Willing furnishes and papers your rooms from \$3.00 up. Choice of many patterns.

Special Service via L. & N. account Elks Fair. Next week during Elks Fair the L. & N. will run a special train leaving here each night at 7:30 p. m. for Ford, Winchester, Paris and all intermediate points. One fare for round trip from Lexington to any of the above points, including Louisville, Cincinnati and Lexington.

—S. L. McKiff can supply you with any kind of a vehicle you desire, and the prices are always right. Call on him a call.

Contest.
The second annual election contest will be held in Nicholasville the last of July. The manager desires a representative from our city, and the last young lady to answer will be given preference. The first prize is valued at \$25, the second at \$5. A dance will be given in honor of the contest. Address the Lexington News, Nicholasville, Ky.

—Osteopathy is a specific for dysentery and diarrhea.
Building a Railroad.
A dispatch from Livingston to the Courier Journal says:

Contractors are going over the route of the Brush Creek Coal Company railroad to bid on the building of eight miles of a road from Brush Creek, on the Kentucky Central division of the Louisville & Nashville, to a point in Jackson county, where the company has a large acreage of coal land that is to be developed this fall. John L. Loe, of Louisville, is here bidding on the masonry. One or two bridges are to be built over Round Stone river. A large number of houses are being built for the use of the miners at the new town.

"Meet Me on the Forum."

There will be no time-worn midway at the Lexington Elks Fair, August 11 to 16, this year, but in its place the handsome Roman forum of the De Kreko Roman Carnival and Exposition Company, Olympic games, chariot races, splendid feats of strength, trapeze performances, work of funny clowns, and other grotesque fun, work-ers all dished out in high-class European amusement style. It all supersedes the midway shows, and a performance will be given on a scale never before seen in this part of the country. The De Kreko will appear at the St. Louis Exposition in 1904, with the same show and are only playing a few large cities temporarily now because the big exposition was postponed a year. There will also be daily automobile and motorcycle races at the Lexington Fair.

—If your watches, clocks, or in fact anything in this line needs repairing, take them to L. E. Lane. His work is the best.

Great Attractions at Lexington Elks Fair.
Greater attractions are to be seen at the Lexington Elks Fair this year, August 11 to 16, inclusive, than ever before. Lodge No. 89 R. P. O. E. has contracted with the celebrated De Kreko Bros. Roman Carnival and Exposition Company of St. Louis, which has been preparing for the World's Fair and besides will have Phiney's famous United States band of 32 pieces, and automobile races every day. All of these features are expensive and novel. All have been procured at great cost, but the Lexington Elks determined to do away with the old midway features and get something new at any price. The De Kreko are said to have the greatest show ever given in open air. They travel by special train of 12 coaches, carry 212 people, 20 horses, etc. of scenery and three military bands.

—Winning's strictly pure mixed paints made in all shades of color. Black and white last longest, go far and sold at reasonable price. 209 West Main street.

Fostling the Case.
Attorney J. L. Walker, of Lancaster, has recently returned from Indianapolis, where he went as attorney for the Commonwealth of Kentucky in the suit for damages against Ginn & Co., publishers, in the Grand Jurisdiction Court. Mr. Walker made the trip in order to obtain evidence against the company, and reports a satisfactory interview with State Superintendent Frank Jones, who suggested the proper course to pursue to obtain the needed evidence. The company is under bond to sell books as cheap as Kentucky at any place. It is charging \$1 a volume in this State for Montgomery's American History, while Hooper students buy it for sixty-five cents. There may be a slight difference in the editions used in Kentucky and Indiana, as the old soldiers of the latter State objected to certain paragraphs in regard to the Civil War, and those were cut from the books in use in Indiana, and the company may claim that the two publications are not the same. The suit is for \$100,000 damages on the company's bond.

PURE FOOD LAWS ENFORCED.

More Grocers Fined For Selling Alkali Baking Powders.

The St. Louis papers report several more grocers brought to trial upon the charge of selling baking powder containing alum in violation of law. The parties were all convicted and each fined \$100.

Several baking powders which have been found by analysis to contain alum have been offered in this market. They are called KENTON CROWN HOTEL BON BON DELICATESSE.

In many places similar powders, under these or other names, are offered for sale at from ten to twenty cents a pound. Good baking powder is one of the most useful things in the kitchen. There are several good powders on the market; housekeepers will help the authorities in their efforts to promote the sale of pure and wholesome food, if when buying baking powder they will insist upon having some one of the well known brands of cream of tartar powders, which are pure and healthful beyond a doubt.

Wanted.

Several gray foxes, male and female. Address Clay Gateskill, Beaudilla Kentucky.

TO CURE A COLD IN ONE DAY.
Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. E. W. CROW'S signature on each box. 25 cents.

Old Fiddlers Contest.

One of the most attractive features of next week will be the Old Fiddlers Contest, which will be given under the auspices of the Infirmary Association. This entertainment was to have been given in March, but was for unavoidable reasons postponed. It promises to be among the most entertaining features during the Fair, and no one should fail to attend. All the old fiddlers in the county will be on hand. Three prizes will be given. Ten dollars to the first, six to the second and three to the third. In making your arrangements for the week remember the Old Fiddlers Contest, Thursday night, July 17.

—Now is the time to call on S. L. McKiff for bargains in carriages, buggies, phaetons, road carts, etc.

Holds the Record.

Harry Giovannoli, writing in the Central Record of Garrettsville, Ohio, who are in Washington, says:

Speed Smith doesn't come from Garrettsville, but he hails from the adjoining county of Madison. Garrettsville knows that for the past year he has been Master of Washington Centennial Lodge, one of the oldest Masonic Lodges in the District. During the year Speed received fifty new members, the largest number ever raised in any one year in the history of the lodge. Speed is not an old man, and wants to be honored as younger than he really is, for he is still eating, drinking, and one of the brightest and most enthusiastic Masons in the city, which is saying a great deal when it is known that there are seven thousand Masons in the District of Columbia.

Stops the Cough and Works off the Cold.

Laxative Broom Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

Good Price For Mountain Land.

The Louisville Times of Saturday says: At a meeting of stockholders of the Three Forks Mineral Land Company in this city it was decided to accept the offer of a Pennsylvania Syndicate of \$15 an acre for its holdings of 1,200 acres of land in Lee county. The offer was made through C. R. Hill, Secretary of State of Kentucky. The Three Forks Company was organized in 1887 with a capital stock of \$250,000. Its holdings contain a few acres of coal. The Pennsylvania Company is buying land extensively in that section with a view to developing it when the improvements on the Kentucky River are completed some five years hence.

A majority, but not two-thirds, of the stockholders were present at the meeting. Mr. W. S. Wynand, president of the company, will secure the consent of the necessary two-thirds to the sale. The land cost the company \$18 an acre. The principal stockholders are Messrs. Logan, Murray, Young E. Allison, Bruce Halderman and Marion E. Taylor.

To the Teachers and Trustees of Madison County.

The Teachers' Institute, for white teachers, will be held during the week beginning Monday July 28th, 1902, and for colored teachers beginning Monday August 4th. Every teacher of a common school including teachers of graded common schools in cities of the fifth and sixth classes, who hold a State diploma, State certificate or county certificate shall attend the full session of the institute, five days, not part of days. The law makes it the duty of the County Superintendent to revoke the certificate of any teacher who shall fail or neglect to attend the full session of the institute, unless the Superintendent shall be fully satisfied that such failure has been caused by actual sickness or other disability. The certificate can be restored by failing to attend one day, as well as for failing to attend at all. No other than legal excuses will be accepted.

Trustees and all who are interested in the cause of education are requested to attend.

Barber Shop Law—New Regulations Operative.

The following regulations governing barber shops have become effective, being contained in a law enacted by the last Legislature:

No. 1—Towels and linens must be thoroughly boiled when laundered and kept in places secure from dust and other impurities and not to be handled except when in use.

No. 2—Hair brushes, tools of all kinds as well as all other appliances used in the art of barbering, must be kept thoroughly clean.

No. 3—In shaving or cutting the hair of a customer who has an eruption of any kind on the scalp or on the face, particular attention must be given to cleansing every article used with due regard to antiseptics. Each and every article so used must be either boiled or disinfected with an antiseptic solution. After such work the barber must wash his hands in running hot water.

No. 4—Before shaving the customer the barber must wash the shaving cup and brush to be used perfectly clean. The use of sponges, finger bowls, powder puffs, chamomile skins and alum must be discarded.

No. 5—Perfectly clean towels must be used on each and every customer.

No. 6—Clear, running water must be used for the purpose of cleansing in every detail of barber's work.

No. 7—Cupboards must be cleaned daily, then kept one-fourth filled with antiseptic water.
